

## **Community Coin (COMM)**

---

*HOW TO BUY*

---

## Step 1. Purchase BNB, BTC, ETH, USDT

Purchase preferred cryptocurrency beforehand as it will be needed to purchase COMM

## Step 2. Go To Website And Create Free Community Coin Account

- Go to <https://commcoin.org>
- Select Signup in menu
- Enter required information and select check boxes
- For box “Personal BNB Wallet,” add your **Community Coin (COMM) BEP20 token address** from your wallet.
- You will receive a verification email to verify your email and account. Click on Verify Your Email to do so.

### Step 3. Ensure Community Coin (COMM) BEP20 Token Address Is Stored

After signing up, go to your Account / Wallet Address section and ensure your COMM address is stored there. It is vital we know where to send the COMM you have purchased. If not, add it to the address box and click UPDATE. You can update your COMM BEP20 token address at any time.

**Note: To receive tokens, address must be BEP20-compliant.**

**"DO NOT USE your exchange wallet address such as Kraken, Bitfinex, Bithumb etc. You can use BEP20 Wallet, MetaMask wallets etc. Do not use the address if you don't have the private keys of your address. You WILL NOT receive Tokens and WILL LOSE YOUR FUNDS if you do."**

The screenshot shows the 'Account Information' page on the Community Coin website. The page has a blue header with the 'COMMUNITY COIN' logo. On the left, there is a sidebar with navigation options: 'Dashboard', 'Account' (highlighted with a red box), 'AML/KYC Application', 'Buy Token', 'Purchase Info', 'Referrals', and 'Transaction'. The main content area is titled 'Account Information' and has two tabs: 'PERSONAL DATA' and 'WALLET ADDRESS' (highlighted with a red box). Below the tabs, there is a text input field for the wallet address, which contains the text 'Your COMM BEP20 token wallet address' (highlighted with a red box). A blue 'UPDATE' button is located at the bottom of the form. A red warning icon and text are visible below the input field, stating: "DO NOT USE your exchange wallet address such as Kraken, Bitfinex, Bithumb etc. You can use BEP20 Wallet, MetaMask wallets etc. Do not use the address if you don't have the private keys of your address. You WILL NOT receive Tokens and WILL LOSE YOUR FUNDS if you do."

## Step 4. Purchase COMM

- In left side menu, select Buy Token.
- Choose cryptocurrency box you will be using to fund purchase
- Input the amount of COMM you wish to purchase or the amount of currency in USD you wish spend. The calculator will update the amounts.
- Check the box to accept the Privacy Policy | Term & Conditions.
- Select PAYMENT DETAILS and a window will open

**If you send BNB, you MUST make sure to send BNB (BEP20)**

### Buy Tokens

If you like to participate in our Community Coin project and to purchase Community Coin, please select payment method and enter the amount of Community Coin tokens you wish to purchase. You can buy Community Coin tokens using ETH, BTC, USDT.

01. Select the payment method

Bitcoin **Ethereum** Binance USDT

02. Set amount of Community Coin you would like to purchase

Tokens UNITS to Purchase: 111,666,666.67 COMM

Payment Amount: 3,350.00 USD

This calculator helps you to convert the required currency to Community Coin.

Final UNITS	Received COMM Bonus	Total Tokens Received
111,666,666.67 COMM	+ 0.00 COMM	111,666,666.67 COMM

I accept the Privacy Policy | Term & Conditions

**PAYMENT DETAILS**

At the top of the page, the USD amount will be stated followed by the amount of BNB, BTC, ETH, or USDT you chose to send.

### EXAMPLE

- Contribution amount: \$3,350 (0.7283 ETH)
- In this example ETH is used. In your wallet, you would send 0.7283 ETH
- Below this is the ETH address you are to send the ETH
- After sending to the stated address, select FILL PURCHASE INFO and a new window will open

**In case you send a different amount , the number of COMM tokens will update accordingly.**

Payment Details

Contribution amount: \$3,350 (0.7283 ETH) Amount to send

You will receive 111,666,666.67 COMM tokens ( incl. bonus of 0.00 COMM) once Contributed.

Please make your Contributions to the below ETH Address

0xF9ef01ba8E09C44550B5Ac6B4eeD3a5d22176De

Address to send it to

**In case you sent a different amount , the number of COMM tokens will update accordingly.**

Once you finish the contribution, kindly fill the Purchase info form. Token Balance will reflect on the Dashboard after the confirmation.

[FILL PURCHASE INFO](#)

## Step 5. Fill Purchase Info

In the FILL PURCHASE INFO section, fill out the form with appropriate information.

- Account email
- The type of cryptocurrency sent to purchase COMM under “Select Currency”
- The amount of cryptocurrency sent. Continuing with the example from the previous pages, and as shown in image below, the amount of ETH sent was .7283. Place the amount of ETH in this section, not the USD amount.
- Enter the Transfer proof (TxHASH). This is the transaction ID which is a proof of payment. Also known as the TxID or Hash. You will find it in your wallet under transaction details for the sent cryptocurrency.

Some wallets will have it listed in the details of a transaction in the wallet while other wallets may open up a webpage to show the transaction. Either way, it is accessible from your wallet and required for Community Coin to process the transaction.

After inputting the Transfer proof (TxHASH), check the box confirming details and select SUBMIT.

Your tokens will be added to the Dashboard and Your Wallet once the payment is confirmed. Please be patient as the transactions may take some time depending on time of day and network activity.
